Michelle Doyle Spa Graduate 2008

"I was employed before I even graduated and I moved straight up to Cairns and started working as a Spa Therapist at Mii Spa at the Sebel International. I've learnt so much and now I'm one of the senior therapists at the spa.

There are so many career pathways available to me. And of course, it's fantastic up here. It's so laid back and with easy access to the reef and the rainforest my days off are filled with fun."

For 70 years William Angliss Institute has been a learning community devoted to students with a passion for foods, hospitality and tourism, inspiring them and nurturing their careers with expert training, education and mentoring.
