

These classification standards describe the broad categories of responsibilities attached to academic staff at different levels. The standards are not exhaustive of all tasks in academic employment which is by its nature multi skilled and involves an overlap of duties between levels. The standards provide an adequate basis to differentiate between the various levels of employment and define the broad relationships between classifications. The diversity of functions such as teaching, research, community service, participation in professional activities and participation in the academic planning and governance of the University may require flexibility and future review.
